

Your Advocacy is Needed Now!

**\$24 Million in Cuts to Developmental Disabilities
Translates to \$2 million in Cuts to Trudeau Center.**

Please continue to reach out to your elected officials regarding the budget cuts.

Letters, phone calls, face to face meetings are good ways to let the RI Legislature

know that this issue is extremely important. We are hoping that our legislators will sponsor and support a Supplemental Budget to restore funding.

Remember to always be courteous and respectful when communicating with your local representatives.
