ACTION ALERT III

Dear Friends,

We are calling for all members of the Trudeau Community to attend a rally at the **State House**, next **Wednesday, June 3rd** from **2-4 pm**. The themes of the rally are “**NO MORE CUTS**” - opposing any additional cuts to DD services in the state budget and “**KEEP THE PROMISE**” - referring to the promise made that people with disabilities would have the services and supports to live full and contributing lives in their communities.

It is essential that we have your support and participation. Our goal is to draw attention to the importance of providing on-going support to individuals with disabilities. We will have transportation (no accessible transportation) available, leaving from CCRI promptly at 1:00 pm to the State House. If you are interested in this option, please contact Judy Clark at Commonwealth (823-0051) or Noel Brown at Post Road (739-2700).

The rally will be on the Smith Street side of the State House from 2-4 pm, with a brief speaking program at 3 pm. Parking is available at Providence Place Mall for those who can walk up the hill to the State House (fee is \$1.00 for 3 hours).

**Past advocacy has proven to be effective. There is power in numbers!
Please join us! We need you!**
